JAMES S. SHERMAN, OF NEW YORK

A Golden Opportunity

In the year 1915 thousands and thousands of automobiles from the New England states will cross this continent to visit the Pacific Panama exposition in San Francisco. The great majority of the motorists will pass through Nevada and at the present time there are three routes mapped out across this state over which the travelers will pass, according to their choice. Many of the motorists will return to their homes by the same mode of travel and this will necessitate their crossing Nevada for the second time.

One of the routes across this state is from Ely to Tonopah and thence west. This route is feasible, the roads are now in fair condition, but could be greatly improved.

Thousands and thousands of dollars will be left in Nevada by the traveling automobilists and it is within the power of Nye county to receive a large share of this money. All that is needed is the expenditure of several thousand dollars in the repairing of the road to be traveled, the erection of sign posts at stated intervals, and also the placing of signs along the road that would convey information regarding depots for securing gasoline, oil, meals and other accommodations for the benefit of the tourists. Naturally this would result in considerable expense, but the amount cannot be compared with that to be received. The northern and eastern sections of Nevada are awakening to the possibility of the increased auto traffic and are preparing to make bids for the securing of the routes. They fully realize the benefits that will accrue.

Nye county should take advantage of the opportunity without delay and make the necessary arrangements to provide one of the greatest roads in the country. There is nothing that appeals to the motorists as much as a smooth thoroughfare and once constructed it will not take long for the merits of the road to be advertised throughout this nation.

There is talk of constructing a national highway from the Atlantic to the Pacific. The plan will be carried into execution some day and if Nye county had excellent roads at the present time there is every reason to believe the proposed route would be through this county.

Over in White Pine county the people are enthusiastic over the construction of automobile roads and with White Pine and Nye acting in conjunction, all travel can be diverted in this direction.

Action should be taken without delay, for a postponement of activity will mean that the northern part of the state will step in and secure the travel which means the patronage of the thousands of tourists.

Massey's Splendid Record

That Senator Massey's splendid record during the short time he was a member of the 62d congress is known and recognized by the voters of this state as evidenced by the cordial reception he is receiving on his campaign. Senator Massey had not been on the floor of the senate more than a fortnight when he engaged in debate with the brightest men of the upper house in defense of American control of the Panama canal. With that instinct born of the true American, he battled for American supremacy in a manner which attracted attention to the new senator from Nevada. That Senator Massey will be one of the leaders of the upper house is the prediction in Washington. To fail to return him to Washington would mean a loss to the state of Nevada that could not be estimated.

President Taft has declared he has no excuses to make for his actions in office, nor does he attempt to shift the burden of responsibility to the shoulders of others. His statement is candid and to the point, and while it lacks the pyrotechnic features of his immediate predecessor in office, nevertheless it is such that should appeal to every voter in this land.

VAN DUZER IS MAKING ADDRESSES FOR W. WILSON

FORMER CONGRESSMAN FROM NEVADA IS MAKING TOUR THROUGH PENNSYLVANIA

Clarence Van Duzer, former congressman from Nevada, who promoted one or two mining deals in the old days affecting Tonopah property, is now in Pennsylvania where he is touring that state making speeches for Wilson and Marshall. Many Nevadans have cause to remember Mr. Van Duzer and he is best recollected by the fact that he urgently advocated the passage of the anti-wildcat mining bill through congress. At the time he was working for the passage of this measure Mr. Van Duzer was engaged in selling stock in companies that could be termed wildcats in every particular.

Since leaving congress has made his home in the east and it now appears he is again striving to enter political life.

TWO PNEUMONIA PATIENTS AT MINERS' HOSPITAL

Two cases of pneumonia were taken to the Miners' Union hospital yesterday by Dr. McLeod. Mrs. Alma Weeks was the first patient to be treated. Her condition is not deemed serious. William O. Davis, a miner, was taken to the hospital during the afternoon. His condition also is not regarded as serious.

TAFT SPEAKS BEFORE CIVIL WAR GOVERNORS

ALTOONA, Pa., Sept. 25.—Taft arrived today and spoke at the meeting of the Civil War governors. Governor Tener presided. After a speech Taft started for Beverly.

BIDS OPENED BY SCHOOL TRUSTEES FOR NEW HOUSE

ON ARRIVAL OF ARCHITECT IT IS BELIEVED THE CONTRACT WILL BE AWARDED

Five bids for the construction of the new Tonopah school house were submitted to the board of school trustees and opened yesterday, in accordance with notice given the bidders. The bids ranged from \$52,500 to \$39,500, but the contract was not awarded, the trustees preferring to wait until the arrival of the architect before taking final action.

H. C. Schmidt, clerk of the board, today telegraphed Architect Ferris at Reno, requesting that he come to Tonopah at once and it is possible he will arrive on the morning train.

The bids submitted were as follows:

James Golden of Tonopah presented a bid of \$22,700 for the construction of the stone walls only.

Ward brothers of Reno submitted five bids, ranging from \$49,454 to \$42,263. The first figure is in accordance with the plans and specifications while the remaining four bids were for certain deductions in the construction of the building.

McGinty brothers of Reno presented a bid of \$52,500 and provisions were made for certain deductions.

Al Kelliher and A. H. Kuhlman of Tonopah submitted the lowest bid. They figured that the building could be constructed for \$39,500, provided the walls were made of cement instead of brick. They guaranteed to provide a mixture of cement that would stand the test.

Taylor and Goerleke of San Francisco presented a bid of \$48,499 with certain deductions.

In the event of Architect Ferris arriving tomorrow it is believed the contract will be awarded during the afternoon. The bids were opened by Trustees H. C. Schmidt and F. P. Oke, W. J. Booth, president of the board was not present, as he was out of town.
